

# DAYCO POWER™ SNOWMOBILE BELT LINE

EXTREME PERFORMANCE BELTS ENGINEERED FOR RIDERS, BY RIDERS

Designed by our own powersports engineers and enthusiasts, the Dayco POWER snowmobile belt line offers the most robust performance for today's riders, so your sled can be ready for all types of snowy terrain.

These CVT belts were specially designed to optimize engine size, horsepower range, modification level and riding style to provide premium application-specific performance.

Engine   HP Range	HP™	HPX®	XTX™	RPX®
Below 350cc   stock engines	■			
350cc - 600cc   light modifications		■

MOVE FORWARD. ALWAYS.™

# DAYCO POWER™ SNOWMOBILE BELT LINE

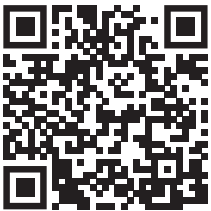

With 200+ SKUs of specially engineered belts, this line gives snowmobile enthusiasts exactly what they need for optimal performance, whether they drive a heavily modified sled with an 800cc engine or a snowmobile with stock engine.

- Extensive coverage for stock, modified and snowcross racing engines
- Unmatched performance and durability at every application level
- Longer belt life due to superior strength and dimensional stability
- Proprietary application-specific rubber technology

## Backed by Consumers-Best Warranty

The Dayco POWER CVT belt warranty is designed to make it easy for consumers to file a claim directly with Dayco should they have any issue at all with their purchase. No action is required from the distributor or powersports dealer.

If the belt fails for any reason within one year of purchase, consumers can contact Dayco directly at [PartsSupport@Dayco.com](mailto:PartsSupport@Dayco.com) with a copy of their receipt, a photo of the belt as well as the year, make and model of their powersports machine and Dayco will send the consumer a free replacement belt.
